

Meeting on: 2 October, 10:00 – 11:00

Minutes

M1

Section meeting

Present: Climate and Water section, Janne Hansen

1. Approval of agenda

Jytte Christensen

2. Messages

Jørgen:

Headlines from recent section leader meeting:

- Staff Development Dialogue is postponed until start of 2018.
- Meeting Friday 29 September with the dean regarding open competition on policy support tasks (our core funding). We do not know yet when our area will be open for competition.
- The rector will visit Foulum 3 October 14:00 – 15:30.
- Jørgen is appointed to do an evaluation in the court case between 'Bæredygtig Landbrug' and the state. Carl Aage Pedersen, SEGES is also appointed
- Substantiated applications for purchase of equipment < 100.000 DKK can be send to Jørgen before Thursday 5 October.

Date: 2 October 2017

Page 1/3

Jytte:

- E-mail signature is not updated automatically and new staff does not automatically get an auto-signature.
- Our corridor will be painted before end of 2017. The artwork in the coffee corner will remain.

Ad 3: Staff news:

Post doc Jeroen (Johannes) Pullens and guest PhD student Rashid Iqbal introduced themselves.

Ad 4: Topics for Senior VIP meeting

Sando: "FAIR data management in global wheat rust early warning"

Christen: "NLES5 – A revised empirical model for nitrate leaching"

Zhi: "Effect of root litter quality on carbon turnover and microbiology in the subsoil"

Ad 5: Publications

Estimation of extractable protein in botanical fractions of legume and grass species

Influence of harvest managements on biomass nutrient concentrations and removal rates of festulolium and tall fescue from a poorly drained nutrient-rich fen peatland

Simulation of potato yield in temperate condition by the AquaCrop model

Combustion quality of poplar and willow clones grown as SRC at four sites in Brandenburg, Germany

Ad 6: Applications: status, possibilities and coordination

Jytte arranged a meeting on 23rd October 13:00 – 14:30 to discuss the possibilities in the H2020 on food security.

Kiril mentioned that KNUST BSUII project finished successfully, providing number of upcoming papers and very good platform for BSUIII.

Applicant	Grant Source	Project Title	Status	Application date	Applied amount	Applied amount to
Arezoo Taghizadeh-Toos	The Velux Foundations - Young Investigator	Persistent soil carbon as a sink for atmospheric carbon dioxide and for surplus nitrogen in arable soils	submitted	20-06-2017	8.668.365	8.668.365
Finn Plauborg	Danida Fellowship	BSU phase III	submitted	15-02-2017	13.000.000	5.800.000
