

Meeting date: 2nd JUNE 2023
Meeting place: M2
Meeting subject: JORNÆR section meeting

1. **Native place presentation** – Loraine

2. **Newcomers to JORNÆR**

Laura Sofie Harbo has joined as postdoc with Lars Elsgaard

We will employ an additional two lab technicians in the autumn.

Three new employees will join us from mid-August and September respectively.

3. **Office situation in AGRO, Foulum**

Due to the immediate shortage of office space for all the new colleagues starting in August and September in all sections, it has been decided to relocate part of a section to G22 before August. However, JEO will inform more about this soon.

Due to our new study programmes here at AU, Viborg, we will be remodelling in many buildings over the next two years.

4. **The Good Plan** – a quick brush-up course

It is very important to be introduced to the Good Plan before you work in the labs and at Foulumgaard. The Good Plan is a *work culture* and we need to use it in practice. The Good Plan is for all AGRO colleagues. Supervisors are responsible for introducing The Good Plan to all new employees, they employ.

The supervisors need to incorporate The Good Plan in their quarterly or half-year meetings (good planning) with their PhD students/postdocs.

The Good Plan should also be used, if you need to work/interact with Foulumgaard. Kathrine from Foulumgaard attends the lab meetings on a regular basis, which is beneficial.

Here you may find The Good Plan:

<https://agro.medarbejdere.au.dk/en/field-experiments>

Nobody is allowed to work in the labs without a proper introduction by one of the lab technicians. A proper dialogue with lab technicians prior to lab work is crucial.

A big issue is when colleagues come with soil from outside of Europe (contamination), there are completely different rules/regulations on how to work with and around this.

5. Section trip 2023

Organizing committee: Jorge, Barbera, and Jørgen

The programme will follow soon, and the date has been set on August 30th

6. News from the committees

LSU: No news

LAMU: No news

AGRO Department Forum: No news

Data Management Forum: Now news

Waste committee: All waste stations have been put up in our coffee corners and by the printers – please ask Tanja, if you have any questions.

Diversity committee: Members have been found with representation from all sections, and Franca will represent JORNÆR.

7. AOB

Jorge: Work Environment Forum has held a meeting with JEO and JER and a rough plan has been drafted on how to move forward to better our work conditions in general.

Mette: Doors into the labs must be operated with the buttons when you need to go in and out of the labs. Please always use the buttons instead of pulling the doors shut.
