Please note that foreign guests are currently not allowed to enter the country. Only persons who have an employment contract are considered to have a worthy purpose. Students (who live in Denmark) can still do projects involving our facilities and activities. However, it has to be approved by Tommy.

3. Project plan 2021

- Comments and questions to the staffing plan distributed

The Staff plan was distributed and will be updated. The section is more than fully booked with projects, and there will be plenty to do for everyone. Tommy will follow up with the institute management and update us at the next meeting.

- Celebration and oral presentation of the new projects and courses listed

The list of new projects in addition to those in the staffing plan were presented (see list distributed per mail before the meeting), and we celebrated all the interesting new projects.

4. 3-4 oral presentations of personal plans for the new working year

OUTFIT presented by Anne Grete (Organic RRD 6). The project is closely linked to tasks in MIXED, a new GUDP network and a new PAFF project from. Focus areas within nutrient balances (N,P) and losses in new concepts – and with removal of tree biomass and an overall assessment of new concepts.

The new project on “Ex ante evaluation and Strategic Environmental Assessment of the new EU agricultural policy” was presented by Martin, in addition to his general project plan for the coming year.

New 10 ECTS course chaired by Chris: Organic Agriculture and Food System (at the Dept. Anthropology, Human Security MSc Programme).
