PhD positions (Marie LCA)

Good candidates, we expect employment for startup asp.

- o New faces to come in the section?

Please forward an email to Anne Sofie if you have news faces coming in to the office (Guest PhDs, other guests, project students etc.)

- o A replacement for Troels in Business Committee (Erhvervsudvalget)

Chris Kjeldsen is the replacement

o Short report from the institute management

COVID update, as announced at the department meeting and mail from Jørgen E Olesen: The percentage is set to increase to 50 per cent as of 14 June, and as of 1 August, all of the university's employees will be able to work on site. AU's campuses are open to all students, who are free to use study spaces, group rooms and other student facilities. This also applies to PhD students. [Guidelines regarding on-campus activities \(au.dk\)](#)

Institute management – questions

Q: What was the intention with the economic review?

A: The usual ØR1,2,3.. overviews for the Institute management

Q: Optimized the building facilities – what is the meaning of this?
It is about better use of the central buildings in Foulum
(in Flakkebjerg about the canteen).

Q: Home office some days? What is the policy?

A: Working on a new policy, and possibility for flexibility. Presence is important
