Test documentation for persons with AU employment contract must be forwarded to the Secretary. Guest and students must follow instruction on Coronasmitte.dk: [Mandatory testing and 10-day isolation for persons entering Denmark \(coronasmitte.dk\)](https://coronasmitte.dk)

5. New MSc thesis and students project

Interesting student project ideas for the MSc thesis catalogue (Mail from Tommy from march 2). Anne Sofie will collect them and send them to Bo.

6. Staffing plan 2021

Full staffing plan distributed. New staff will be included in the staffing plan.

Authority services (Myndighedsbetjening): Q: Same way for registration as before? Alice will work within this task and after consultation with Birgit Sørensen the procedure is that for each major task a new subline will be made for time registration, but the overall staffing plan budgeted will only be revised when needed. Troels will check that the LCA tasks are budgeted. Tommy is working with two new tasks, which will be built in the plan.

Teaching: New MSc course on Agroecology to be included in the staffing plan (headed by Chris), and the Organic Farming Systems course

7. Status for projects applied (ReAp) and ongoing project applications

ReAp list included in the meeting.

8. Meetings in 2021
