

FET-OPEN

INFORMATION MEETING

Date: October 25, 13:00 – 15:00

Venue: NAVITAS, room 03.107

FET Open aims to establish European leadership in the early exploration of future technologies. It aims to mobilise Europe's most creative and forward thinking researchers from all disciplines to work together and explore what may become the leading technology paradigms of the future.

The coordinator team for the EU Excellence pillar and the Faculty of Science & Technology invites you to this 2-hour seminar about FET-Open, where you get the chance to learn much more from people with deep experience with the programme.

PROGRAMME:

- 13:00 Welcome by vice-dean Søren Rud Keiding
- 13:00-13:20 The FET OPEN call and FET work programme 2018-2020 – a strategic approach
Svend Binnerup, Chief Consultant, Research Support Office, will present the FET-Open call and how you strategically position your research for FET OPEN projects.
- 13:20-13:35 Experiences from the FET Advisory Group
Thomas Skjødeberg Toftegaard, Professor, Head of Department of Engineering, will present the thoughts behind the program and how the FET Advisory Group works
- 13:35-14:20 What does it take to be coordinator of a FET OPEN application? What does it take to be a partner?
Farshad Moradi, Associate Professor, Department of Engineering, will present focus points and do's and don'ts from the perspective of an successful applicant
- 14:20-14:40 What is a good FET proposal from the perspectives of a FET OPEN evaluator?
Laila Grahl-Madsen, IRD FUEL Cells A/S, former FET OPEN evaluator.
- 14:40-15:00 Question session
